Career Objective

Motivated and detail-oriented IT undergraduate with a strong foundation in software engineering, backend development, and database systems. Seeking an entry-level Software Developer position to contribute to impactful projects, grow in a dynamic tech environment, and expand expertise in full-stack development and agile workflows.

Education

Bachelor of Technology (B.Tech) in Information Technology
B.V. Raju Institute of Technology, Telangana
2021 – 2025

Technical Skills

- **Languages:** Java, SQL, PHP
- **Frontend:** HTML, CSS, JavaScript (basic)
- **Backend:** Node.js, Express.js, RESTful APIs, Oracle PL/SQL
- **Databases:** Oracle, MySQL, MongoDB
- **Tools & Platforms:** Postman, Tricentis Tosca, VS Code
- **Concepts:** Object-Oriented Programming (OOP), DBMS, Agile Methodologies

---

Internship Experience

Software Engineering Intern
Accenture, India | Feb 2025 – June 2025

- Completed comprehensive training in Oracle PL/SQL and Oracle APEX Cloud Development.
- Gained hands-on experience in designing data-driven applications, writing optimized SQL queries, and implementing backend logic using stored procedures, functions, and triggers.
- Transitioned to web test automation, designing and executing automated test cases using Tricentis Tosca.
- Acquired valuable experience with enterprise-level software development, quality assurance, agile methodologies, and cross-functional team collaboration.
- Enhanced technical proficiency in both backend development and software testing practices.

Academic Projects

Worker Connects – Job Portal
Technologies: PHP, MySQL, JavaScript

- Developed a platform to connect daily wage workers with job providers.
- Implemented login authentication, user dashboards, and job filters for improved UX.

Writing Assistant Tool
Technologies: HTML, CSS, JavaScript, REST APIs

- Built a browser-based tool offering grammar correction, translation, and paraphrasing.
- Utilized third-party APIs and responsive UI for real-time interaction.

Dynamic Quiz Bot
Technologies: Node.js, Express.js, Open Trivia API

- Created an interactive quiz app with real-time scoring and error handling.
- Developed backend routes and integrated RESTful APIs for dynamic content delivery.

Leadership & Extracurricular Activities

Logistics Lead – *Street Cause Hyderabad*

- Directed logistics for fundraising campaigns worth ₹98 Lakhs.
- Led a volunteer team of 30+ to coordinate and execute major social events.
